2021 Financial Review

1. Introduction

The Council's 2021 Annual Financial Statement (AFS) has been prepared in accordance with the requirements of the Department of the Housing, Local Government and Heritage Guidelines. In the adoption of FRS102, the financial statements have been renamed as per the new naming conventions.

2. Statement of Comprehensive Income (formerly Income & Expenditure Account)

The total expenditure incurred on the provision of services by the Council in 2020 was €107m. This total included the following COVID-19 related expenditure:

1. An amount of €5.9m relating to the nine month commercial rates waiver
2. €700k relating to enterprise supports administered through the Local Enterprise Office.

The net expenditure incurred in 2021, excluding the Covid related items was €100.4m compared with the adopted Budget of €89.9m. Housing, Roads and Water Services account for 85% of the increased spend over Budget.

The net surplus for the year was €45.9k bringing the cumulative surplus to €90.5k at the end of 2021.

Similar to 2020 a number of businesses were impacted by Covid in 2021. This resulted in commercial rates of €5.9m being written off. Compensation matching this amount was provided by Government.

Income from goods and services was also reduced in 2011 due to Covid amounting to €550k. This was also compensated by Government.

The total compensation provided by Government due to Covid-19 amounted to €6.45m compared with €10.9m in 2020. This support was essential to enable the Council to provide services during the pandemic.

3. Financial Position (formerly Balance Sheet) at 31st December 2021

The Council has maintained a relatively strong balance sheet as at December 2021. A strong focus was maintained on cash management throughout the pandemic. The Bank overdraft facility was not utilized during 2021. The closing cash balance at the end of December was €35.9m compared with €18.1m at the end of 2020. The working capital balance tied up in Capital Projects was reduced by €18m during the year. This was in part due to delays on construction projects due to Covid-19. Of the total cash balance on hand €20m is ring-fenced to provide match funding for capital projects.

No new non-mortgage loan finance was drawn down during the year. The total non-mortgage bank loans outstanding at the end of the year amounted to €15.1m. The total mortgage loan balance at December 2021 was €35.2m, an increase of €124k from the previous year.

Covid continues to have an impact of the collection of commercial rates. Arrears have increased by almost €700k since the beginning of the pandemic. The collection rate for 2021 was 87%, an increase on 2020. The collection rate on housing rents and loans has remained static compared with 2020.

	Percentage Collection						
	2015	2016	2017	2018	2019	2020	2021
Commercial Rates	92	94	95	93	94	83	87
Rents & Annuities	92	93	92	93	95	96	97
Housing Loans	82	80	85	88	90	90	90

4. Capital Project Funding Arrangements

The total expenditure on capital projects delivered under the Capital Programme in 2021 was €44.6m. 82% of the expenditure was incurred in Housing and Roads. The outstanding balance on completed capital projects at December 2021 amounted to €10.4m. The annual budget provides for repayment of this commitment over a period of 8 years.

The Council adopted a three year Capital budget for the period 2021 to 2023 in June 2021. This budget sets out the estimated cost of capital projects under consideration and the related funding sources. The total estimated expenditure outlined in that programme amounted to €127m for all projects that require match funding from the Council's own resources. The estimated match funding required at that time was €32.7m. Match funding of €22.65 has been identified. Since that budget was adopted last June there has been significant cost inflation and challenges regarding materials supply. This will lead to further challenges in the delivery of the capital programme. A full review of the programme will be carried out in the coming months and an updated capital budget will be presented to Members.

5. Conclusion

Covid-19 has had a severe impact on Council finances in 2020 and 2021. The various Government supports that were provided to the sector were critical to allow the provision of services. The sector continues to face challenges from Covid, significant cost inflation and from the war in Ukraine just to name a few. It is critical that the Council continues to manage its finances in a prudent manner in the delivery of value for money services and capital projects.

Independent Auditor's Opinion to the Members of Kilkenny County Council

I have audited the annual financial statement of Kilkenny County Council for the year ended 31 December 2021 as set out on pages 5 to 25, which comprise the Statement of Accounting Policies, Statement of Comprehensive Income, Statement of Financial Position, Funds Flow Statement and notes to and forming part of the accounts. The financial reporting framework that has been applied in its preparation is the Code of Practice and Accounting Regulations as prescribed by the Minister for Housing, Local Government and Heritage.

Responsibilities of the Council and the Local Government Auditor

The Council, in accordance with Section 107 of the Local Government Act, 2001, is responsible for the maintenance of all accounting records including the preparation of the Annual Financial Statement. It is my responsibility, based on my audit, to form an independent opinion on the statement and to report my opinion to you.

Scope of the audit of the financial statement

I conducted my audit in accordance with the Code of Audit Practice, as prescribed under Section 117 of the Local Government Act, 2001. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the annual financial statement. It also includes an assessment of the significant estimates and judgements made in the preparation of the financial statement, and of whether the accounting policies are appropriate to the Council's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide sufficient evidence to give reasonable assurance that the annual financial statement is free from material misstatement, whether caused by fraud or error.

Opinion on the financial statement

In my opinion the annual financial statement, which has been prepared in accordance with the Code of Practice and Accounting Regulations for local authorities, presents fairly the financial position of Kilkenny County Council at 31 December 2021 and its income and expenditure for the year then ended.

Statutory Audit Report

I have also prepared an associated audit report as provided for in Section 120(1)(c) of the Local Government Act, 2001.

STATEMENT OF ACCOUNTING POLICIES

1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Housing, Local Government and Heritage (DHLGH) at 31st December 2021. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 – 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 19 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

3. Accruals

The revenue and capital accounts have been prepared on an accrual basis in accordance with the Code of Practice. (Each local authority should list the areas where they are not complying with this policy, e.g. development contributions)

4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non- mortgage related loans

4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

4.2 Non Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/grants, revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits under the Local Government Superannuation Scheme and the Single Public Service Pension Scheme.

The Single Public Service Pension Scheme ("Single Scheme") commenced with effect from 1 January 2013. Employee contributions for the Single Scheme continue to be deducted by local authorities but are remitted centrally to DPER.

6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

7. Provision for Bad & Doubtful Debts

Provision has/has not been made in the relevant accounts for bad & doubtful debts.

8. Fixed Assets

8.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

8.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

8.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DHPLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

8.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

8.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DHLGH.

8.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

The policies applied to assets subject to depreciation are as follows:

Asset Type	Bases	Depreciation Rate
Plant & Machinery		
- Long life	S/L	10%
- Short life	S/L	20%
Equipment	S/L	20%
Furniture	S/L	20%
Heritage Assets		Nil
Library Books		Nil
Playgrounds	S/L	20%
Parks	S/L	2%
Landfill sites (*See note)		
Water Assets		
- Water schemes	S/L	Asset life over 70 years
- Drainage schemes	S/L	Asset life over 50 years

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

* The value of landfill sites has been included in note 1 under land. Depreciation represents the depletion of the landfill asset.

9. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

10. Development Debtors & Income

Short term development levy debtors are included in note 5. Income from development contributions not due to be paid within the current year is deferred and not separately disclosed in the financial statements.

11. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

12. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

13. Stock

Stocks are valued on an average cost basis.

14. Work-in-Progress & Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

15. Interest in Local Authority Companies

The interest of Kilkenny County Council in companies is listed in Appendix 8.

16. Related Parties

A related party transaction is a transfer of resources, services or obligations between the local authority and a related party. The main related parties for a local authority include the following:

- i. Management and Personnel
- ii. Council members
- iii. Government Departments
- iv. Local Authority Companies

Local Authority council members and key personnel are bound under the relevant sections of the Local Government Act 2001 and subsequent amending legislation to:

- a. furnish an annual declaration of 'declarable interests' set out in section 175 of the Act;
- b. disclose under sections 167, 178 and 179 any beneficial interests that they or a connected person has; and
- c. follow a code of conduct issued by the Minister for Housing, Local Government and Heritage under section 169 of the Local Government Act 2001 in 2004.

'Declarable interests' cover both financial and certain other interests such as land etc.

Local authority management and personnel salary and remuneration is determined by the Department of Housing, Local Government and Heritage in line with central government policy on rates of pay.

Local Authority interests in companies and joint ventures are disclosed in Appendix 8 to the Annual Financial Statements.

Local Authority transactions with government departments are governed by central government controls and procedures driven by government accounting rules.

FINANCIAL ACCOUNTS

**STATEMENT OF COMPREHENSIVE INCOME (INCOME & EXPENDITURE ACCOUNT STATEMENT)
FOR YEAR ENDING 31st DECEMBER 2021**

The Income and Expenditure Account Statement brings together all the revenue related income and expenditure. It shows the surplus/(deficit) for the year. Transfers to/from reserves are shown separately and not allocated by service division. Note 16 allocates transfers by service division in the same format as Table A of the adopted Local Authority budget.

23. Accounting for the Rates Waiver/Credit in Lieu in relation to Commercial Rates

The Government continued its unprecedented support for the local government sector, with the provision of an amended commercial rates waiver in 2021. This waiver, funded by Government, at a cost of €542m supported local businesses in payment of their rates bills, and ensured continuity of services at local authority level. The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading. The income appears in Appendix 3 under the Department of Housing, Local Government and Heritage under Miscellaneous. The credit in lieu is reported in Appendix 7 under Waivers/Credits. The full Rates Accrued Income for 2021 appears in the Income and Expenditure Account as normal.

A number of rates customers who were entitled and received a rates waiver continued to pay their rates in 2021. In most cases these rate payments were not refunded to customers. Any customer who had a credit balance as a result of the rates waiver, this credit was treated as deferred income.

24. Accounting for Small Business Assistance Scheme for Covid (SBASC)

As part of the Governments 2021 Covid Support package, the Small Business Assistance Scheme for Covid (SBASC) was introduced as a direct aid to companies, self-employed, sole traders or partnerships with a minimum turnover of €50,000 who were not eligible for the Revenue scheme CRSS, Fáilte Ireland Business Continuity Scheme or the Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media's Live Performance Support. The scheme was funded by the Department of Enterprise, Trade and Employment but was administered on its behalf by the Local Authorities. The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading. The income appears in Appendix 3 under Local Enterprise Office. The expenditure and income is also reflected in Appendix 2, Division D, Service 09 (Economic Development and Promotion).

25. Accounting for Climate Action

Expenditure in relation to Climate Change is accounted for in the area where the expenditure is incurred e.g. Housing, Roads, etc. This is in line with the Local Authorities costing system where the full cost of a service/sub-service must reflect all the costs associated with the service.

To alleviate the impact of Covid-19 on eligible businesses during 2021 the Government funded a 12 month rates waiver scheme. The amounts waived are shown in the Waived/Credits column in the table above and results in a corresponding reduction in the total for collection. This also has the effect of reducing the % collected in the final column. The Council received a grant equal to the amount waived and this is included in the grant income in Appendix 3. For prior year comparison purposes if the income was included in the Amount Collected column rather than the Waived/Credits column the % collected would have been x%.

*Specific doubtful arrears = (i) Vacancy applications pending/criteria not met & (ii) Accounts in examinership/receivership/liquidation and no communication regarding likely outcome
